NUTRY KERATIN

NANOPLASTIA

Lisciatura alla Cheratina

Smoothing with Keratin

USE:

1 - Wash hair with Alkaline Preparative Shampoo No. 1 and partially dry.

2 - Weigh out (25-60g depending on length) the NK Smoothing Cream and distribute it evenly. Comb through to distribute the product evenly and apply the cellophane.

3 - After 45-50 minutes (30 minutes under a heat source or with ozone treatment), remove the cellophane or cap, spray Nutry Milk Elixir, and straighten hair 6-7 times at 190°-220°C, strand by strand, from roots to ends.

Leave the product on for about 20 minutes and straighten hair 3 times per strand for only the anti-frizz effect.

The straightening effect lasts 3-4 months.

N.B. Do not wash your hair within 12 hours.

INGREDIENTS SHAMPOO: Aqua-water, sodium coceth sulfate, sodium hydroxyde, cocami-dopropyl betaine, hydrolyzed collagen, panthenol, parfum, sodium chloride, citric acid, benzyl alcohol.

INGREDIENS CREAM: Aqua-water, Glyoxylic Acid, Cetearyl Alcohol, Ceteareth-20, Glycerin, Cetearyl Isononanoate, Ethylhexyl Palmitate (Octyl Palmitate) Bis-cetearyl Amodimethicone, Cyclopentasiloxane, Hydrolyzed Keratin, Xhantan Gum, Peg-9m, Parfum (Fragrance), Polyglyceryl-4 caprate, Opuntiaficusindica fruit extract, tannic acid, Polyglyceryl-3 ricinoleate, Ceteareth-30. Lauryl alcohol, Myristyl alcohol, Dimethiconol, sodium sulfate, benzyl alcohol, cetrimonium chloride, benzyl salicylate, Hexyl cinnamal, benzoic acid, Dehydroacetic acid, Tocopherol, Acid violet 43 (CI 60730).
