Nutry Color Reflex

14 semi-permanent ready-to-use masks.

Infinite color combinations, for colorful fashion effects.

WITHOUT AMMONIA WITHOUT OXYGEN GENTLE ON THE HAIR

Coloring and nourishing mask in fourteen colours; the particular formula associated with the special molecular structure of the colored masks favors the adhesion of the color to the hair. The pigments are inserted between the individual cuticular scales and adhere perfectly to the keratin binding fibers to give an extremely luminous surface and intense reflections. It is enriched with precious nourishing ingredients. COLORED HAIR FOR ABOUT 10 WASHES WITH ARGAN NUTRY SHAMPOO.

Use:

- as a concealer for all colours
- leaving the product on for 5 minutes after shampooing revives dull colours
- 5 grams of product for every 250ml of shampoo or mask Nutry Argan allows you to create customized products for each customer
- used direct to create beautiful reflections with rinsing
- the best result is obtained on previously bleached hair
- mixable with each other to create infinite shades.

It is recommended for hair with tone heights from 7 to 10. With lower tone heights, only shine and a slight reflection will be obtained.

How to use: apply after shampooing to towel-dried hair. Wear disposable gloves. Using a comb or brush, apply to the lengths and ends avoiding contact with the skin. Leave on for 5 to 25 minutes depending on the intensity of the reflection you want to obtain. Rinse thoroughly with water only. The final effect of the color varies according to the type of hair and the base color on which it is applied.
